

# NORTH AMERICA PHENOLOGY CAMPAIGN

The North America Phenology Campaign is focused on monitoring and reporting plant green-down data to help validate the end of the plant growing season. All the details are on the **campaign webpage**.

## WHAT TO EXPECT

- Webinars for learners and educators
- Links to resources that support the content
- Information about phenology-related opportunities

## GET STARTED

### GLOBE eTraining

Complete the Intro to Biosphere and Tree and Shrub Green-Down eTrainings.

### Define Your Site

Find guidance to define your site and choose a tree to measure in the Green-Down Protocol.

### Plant Color Guide

Obtain copies of the GLOBE Plant Color Guide to match leaf color with Munsell color codes.

## SIGN UP TO STAY INFORMED

The GLOBE U.S. Coordination Office will keep you informed. Sign up today to receive emails!
