

2020 U.S. GLOBE Regional Student Research Symposium - Project Review

Place student names here

Project Number/Title: _____

KEY: **+** Strength **?** Question **△** Area for Improvement **!** Wow Factor!

Criteria	Icon	Comments
Research Question		
• Clear and focused objective		
• Answerable through scientific research		
Research Methods		
• *GLOBE protocols and/or data are used*		
• Clearly defined variables		
• Well-designed research plan		
Results		
• Appropriate use of graphics, mathematics and/or statistics		
• Data collected supports interpretations		
Discussion/Conclusion		
• Puts findings in context, explains sources of error		
• Describes future research possibilities		
• Literature is correctly cited		
Poster		
• Logical organization		
• Tables, graphs and legends clear		
Presentation		
• Clear, thoughtful responses to questions		
• Understanding of basic science relevant to project		

Specific Areas of Excellence *(Mark all that apply)*

Use of GLOBE Protocols/Data
(Use, Analysis and/or Visualization)

Community Impact & Engagement

Research Process
(Question, Methods, and/or Conclusion)

21st Century Skills
(Collaboration, Communication, Creativity, and/or Critical Thinking)

Write additional notes on the back.

Notes:
